**Clubs**

Wayne Hills High School strives to engage as many students as possible in student activities. As a result, we offer many clubs that appeal to a wide range of student interests. Student activities support the goal of teaching students to be well rounded and responsible individuals, providing them with opportunities to build character, develop social interactions and communication skills, critical thinking, and leadership development. We encourage all of our students to take advantage of our activities program by participating in as many clubs as possible during their time here at Wayne Hills.
